Habitat for Humanity Merger of Local Affiliates Into Habitat for Humanity Seattle-King County

We served as counsel in the merger of Habitat for Humanity affiliates East King County and Seattle/South King County into a single affiliate serving all of King County, now known as Habitat for Humanity Seattle-King County. The nonprofit organization focuses on building and renovating homes to provide affordable housing opportunities for low-income, working families. We have represented Habitat for Humanity on a pro bono basis since 1996, in connection with numerous real estate projects for the development of Habitat for Humanity homes.
