Lane Powell Hosts Professional Delegate From France

Firm Announcement

Lane Powell Shareholders Katie Matison, Barb Duffy and Mark Beard, and U.S. State Department representative, Ryan Moore, hosted Professor Doctor Olivier Cachard, a professional delegate from France, on May 24. Cachard was nominated as a leader in his field and invited to the U.S. as a guest on a professional exchange program. The meeting was arranged through the World Affairs Council of Seattle, after the Association of Transportation Law Professionals recommended Katie as the perfect candidate to discuss her work relating to marine and non-marine complex litigation.
