Turn Lemons Into Lemonade

[Women in Leadership Symposium | Seattle](#)

Tiffany Scott Connors will present “Turn Lemons Into Lemonade” at the 2018 Women in Leadership Symposium on Tuesday, April 10 in Seattle. This annual event brings together a diverse group of successful women leaders who inspire and motivate women to reflect on their own career goals and status as they strive to advance in their organizations. Connors will provide insight on tools for combatting the unpleasant behavior we often encounter, including: how to distinguish hate from constructive criticism and how to respond to both; social media strategies; ways to renew yourself and your faith in humanity; and how to define your own moral code of conduct.
