# Talc and Cancer: The Science and the Litigation

[Association of Insurance and Reinsurance Run-off Companies | Chicago](#)

Jeff Odom will serve as a panelist discussing “Talc and Cancer: The Science and the Litigation” at the Association of Insurance and Reinsurance Run-off Companies’ (AIRROC) Regional Education Day in Chicago on Tuesday, June 12. Starting at 8:45 a.m., the panelists will discuss recent verdicts that have come out in favor of women who claimed their use of talcum powder caused cervical cancer. Odom will provide strategic insight into defending similar cases, as more women are expected to come forward with such claims. The full-day event will take place from 8:00 a.m. to 4:30 a.m. at the American Bar Association Conference Center in Chicago.
