greenleer@lanepowell.com

Rachel Greenlee advises clients in a diverse pool of corporate-focused matters from formation through exit, with an emphasis on corporate governance and venture capital financing. She represents entrepreneurs, startups, and investors in connection with emerging company transactional matters, and advises on mergers and acquisitions. She also devotes a significant portion of her practice to advising clients in the life sciences space.

Her experience includes assisting clients with incorporation and formation matters, negotiating and documenting seed, angel, and venture capital funding through convertible debt and the sale of common and preferred stock, advising companies on general contract drafting and negotiation, as well as drafting and negotiation of clinical trial and sponsored research agreements.
